

## Special Meals Coordinator

1. Rebecca Mervar

It would be very helpful to have someone who understands food allergies to coordinate the meals for Rachel Bjorkman (See Allergy Alert Page). Once her meals are served, she can also sometimes eat leftovers, so we don't need new meals all the time.

- Check the sign-up sheet to see if anyone is making a meal for Rachel along with the team. Contact them to be sure they truly understand what is involved.
- Organize meals from the list of moms willing to cook a gluten free meal for Rachel.
- Give Rachel your contact information so that if she has a question about the meals you can answer it for her.
